

# ATTENTION HUNTERS!

WILD LIFE VIEWERS!  
RANCHERS!  
FARMERS!  
&  
PROPERTY OWNERS!

Learn about the impact on elk and deer by the proposed  
Antelope Ridge Wind Farm

## FREE WORKSHOP

### WORKSHOP TOPICS:

1. Effect Antelope Ridge Wind Farm will have on elk and deer.
2. Energy Facility Siting Council rules regarding elk and deer impacts.
3. Requirements for making comments and requesting a contested case hearing.

**WHEN: Thursday, June 27, 2013, 6 PM**

**WHERE: VFW High Valley Post, Main Street in Union**

**PRESENTER: Irene Gilbert, Friends of the Grande Ronde Valley**

The Department of Energy has stated that the proposed order for the Antelope Ridge Wind Farm will be issued after completion of an elk and deer survey. The developer has stated that their final report will be submitted this fall.

ONCE THE DRAFT PROPOSED ORDER IS ISSUED, TIMEFRAMES ARE VERY SHORT FOR GIVING COMMENTS. IT IS CRITICAL TO BE PREPARED!

Participants will be provided information to help them develop comments and contested case requests. Multiple handouts and samples of comments and contested cases will be provided.

Workshop is limited to 20 people, so pre-registration is advised. Contact Linda Bond to reserve your space.
